There are tons of best practices out there, but we recommend starting with two emails: one to confirm receipt and/or shipment of the order, and another a few weeks after the customer has received their Amazon product. Avoid writing spammy or aggressive emails, and give customers an opportunity to share negative feedback with you privately before writing a bad review.

Even if you want to know how to make money on Amazon as a form of part-time, passive income, you'll still have to put in the work upfront. Instead of trying quick hacks to cheat the system, focus on what you would want to see if you were the customer. The most successful Amazon entrepreneurs have clear and descriptive pages, competitive pricing, reputable and high quality reviews, and a trustworthy and responsive seller.

Public betting trends are often referred to as betting percentages.

You'll see first hand which teams the public is heavily betting and which games the sportsbooks need.

The public betting trends data comes directly from the databases of the following 7 online sportsbooks: Sportsbook.

We poll each participating sportsbook's database every 1-5 seconds.

com represents real bets placed by real people with real money.

Our betting data isn't "Consensus Data" taken from contest sites and handicapper forums.

More sportsbooks equals a larger sample size and stronger numbers

For example if 90% of the public is betting on Miami -3 to win, but the line moves to Miami -2, you'll know Sharp Money came in on the other side.
