Blackjack can be played with 1 to 12 players.

The opponent is always the house, i.

Blackjack is traditionally played with six decks.

Because of this, counting cards is less useful across rounds, but it still makes sense to observe face up cards during the same round, especially if only one deck is used.

Face cards are worth 10.

After the initial two cards are dealt, players have two default options to choose from: They can either 'hit' (request an additional card) or they can 'stand' (keep their current hand).

After every player decides what they are going to do, the dealer flips over their face down card and draws more cards until the dealer hits 17 or higher, after

which the dealer's score is tallied with all the players. Scoring

Players can choose to allow the dealer to hit on a 17. Double

Swagbucks is an example of the latter. While it is possible to (eventually) get

a \$5 gift card after many hours of filling out surveys, you'll make more money and feel more dignified holding up a cardboard sign at an intersection.

Other very important features are the minimum cash out amount, cash out processing time, minimum payout per survey, survey review result time and percentage of disqualified surveys.

There are plethora of websites available online but, without proper research you cannot draw a conclusion whether survey site is legit or not. Finding a legit website is the most important part before getting started with taking paid surveys.

There are definitely so many websites which are legit as well and pay really
