Apple Pay: Another option that has been steadily gaining traction all over the

country is Apple Pay, which allows people to make transactions through accounts set up on their Apple products.

Its popularity is partly due to the convenience of allowing people to pay for things in real life through scanning their phone, and that popularity is now beginning

to translate across more and more online betting sites across the UK.

If you've scanned all your barcodes and receipts but still need to make more

money, you can use Apple Pay to make payments. This is a great option for people who
