There is no blanket rule that covers every region in the US or the age of every player desiring to participate.

With states #39; rights being in the driver #39; seat of gambling regulation in each territory, you will find that some states are more liberal with gambling entertainment than others.

We are in the process of creating a guide for each individual state in which we will outline specific regulations that apply to casino gambling in each region. This means that it is not legal to own or operate an online sportsbooks within US borders.

This means that the law does not apply to any other form of betting, including online casino gambling.

Both of these laws only apply to US based gambling entertainment, and neither of them makes it a crime for US residents to enjoy casino games at legally licens ed and regulated online casinos that are operating legitimately within the industry

All of the reputable brick and mortar casinos will have a website that explains their policies and procedures concerning their minimum age requirements, and we suggest that you read these before heading out to casino properties.
