Matchup Moneyline Odds San Francisco 49ers +110 Kansas City Chiefs -130

Each of those games carries an implied probability of 52.

The more bets added to the teaser, the bigger the potential payout and the bigger the risk.

A team could be a 5-point favorite when the odds go up on Monday and close at -7.

Because of this, we see most NFL games decided by either three, six, or seven points.

NFL betting trends are situational patterns repeating the same betting result, often against the spread (ATS) or Over/Under (the total).

Keeping track of who's in and out is vital when learning how to bet on NFL spreads and totals.

What does -2 mean in football betting? -2 in football betting means that a team is a 2-point favorite and must win the game by three points to cover the point spread and win the bet.
